

ACACIA

'LIMELIGHT'

LUSH DECORATIVE FOLIAGE

AWARDED 'NATIONAL
MARKETING AWARD 2012'
BY THE NURSERY AND
GARDEN INDUSTRY OF AUSTRALIA

'Limelight' is the leading dwarf *Acacia cognata* variety in Australia and continues to be one of the highest selling protected plants for over 15 years. 'Limelight' is a stunning feature plant in any garden or large container with its soft weeping foliage adding a sense of class and elegance. 'Limelight' makes a garden feel fresh year round and now comes in a standard (or lollipop) form.

FEATURES

- Compact form - tight, mounded weeping habit
- Outstanding decorative foliage - fine, pendulous leaves in fresh lime green colour
- Year round ornamental value
- Dry tolerant
- Easy to grow with minimal maintenance
- Australian native

USES

- Can be mass planted as well as for garden or tub specimen
- Small gardens, patios and courtyards
- Year round interest for general garden use
- Native, exotic, oriental or tropical style garden designs
- Hardy for commercial landscaping projects

CARE

Low water user once established. Quite dry tolerant requiring only occasional deep watering during extended periods of heat. Plant in most soil types that are well draining. Pruning generally not required. Feed in spring with a native formulated fertiliser for best results. Will tolerate light frost.
