

## Gaura

### ‘Passionate’<sup>®</sup> Collection

LONG & VIBRANT FLOWERING

**Origin:** Victoria, Australia

**Species:** *lindheimeri*

**Protection Status:** PBR protected

Full sun

Height 80cm

Spread 80cm

### Features:

- Vibrant flowers in prolific displays
- Interesting foliage colours
- Flowers of shorter than usual stems
- Tall dense habit

### Suggested Uses:

- Cottage style gardens
- Water wise gardens
- Informal hedging
- Fast results for new gardens

### Water Requirements:

Low. Will perform in hot, dry conditions. An occasional deep soak during periods of extended heat is recommended.

### Care:

Gauras benefit from a prune after the main flowering flush- trim by up to half of the plants overall size. This will promote new growth and maximum flower yield in the following season. An application of slow release fertiliser during early spring would be welcomed.
