

Magnolia 'Cleopatra'

EXCEPTIONAL FLOWERS

Origin: New Zealand

Species: *Magnolia soulangeana* hybrid

Protection Status: PBR Protectable

Full sun

Height 4m

Spread 3m (guide-after 10 years)

Features:

- Attractive red-purple flower with a nearly metallic sheen
- Fantastic display over winter and early spring
- Reddish-purple blooms and rich dark green foliage
- Small upright tree with a columnar to pyramidal habit

Suggested Uses:

- Excellent feature plant
- Great in the garden or a large container
- Rich colour for the garden

Water Requirements:

Average. Prefers a deep freely draining soil rich in organic matter ton retain moisture.

Care:

Plant in a well composted soil. Mulch well to provide a cool root zone and keep the root ball moist during the first season. Prune after flowering if desired. Full sun for at least half the day.
