

Syzygium 'Little Pilly'

LOW HEDGING

Origin: Queensland, Australia

Species: Hybrid

Protection Status: PBR Protectable

Full sun Height 1.5m Spread 1.2m Hedging Space - 40cm Containers

Features:

- Super compact and dwarf
- Excellent for short hedging up to 1m
- Dense foliage responds well to shaping
- Pink and autumn flushing tones exhibited on new growth
- Strong resistance to pest and disease
- Dry tolerant once established

Suggested Uses:

- Low hedging
- Great pruned to shape as a feature in a container
- Low maintenance areas
- Formal gardens
- Small gardens
- Native gardens
- Container displays in hot sunny locations

Water Requirements:

Low. Once established, quite dry tolerant requiring only an occasional long soak during extended periods of heat.

Care:

Grows well in most soil types that are well draining. Prune to shape during early spring to encourage dense habit. Use a fertiliser formulated for natives according to manufacturers directions.
