

ACACIA

'FETTUCCINI'

LUSH DECORATIVE FOLIAGE

Loved for its unusual rippled foliage, Acacia 'Fettuccini' is a stylish, modern twist on a favourite Australian native. Evergreen, low growing and easy-care, 'Fettuccini' is the ultimate foliage plant and perfect for all sorts of applications: within a mixed border, as a strikingly different container plant, as an informal hedge or even as a specimen in exotic garden designs. The uses of 'Fettuccini' are limited only by your imagination.

FEATURES

- Compact form - tight, mounded weeping habit
- Outstanding decorative foliage - rippled appearance
- Year round ornamental value
- Dry tolerant
- Easy to grow with minimal maintenance
- Australian native

USES

- Can be mass planted as well as for garden or tub specimen
- Small gardens, patios and courtyards
- Year round interest for general garden use
- Native, exotic, oriental or tropical style garden designs

CARE

Low water requirements. Once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat. Plant in most soil types that are well draining. Pruning generally not required. Feed in spring with a native formulated fertiliser for best results. Will tolerate light frost.
