

Asteromyrtus

'Fire Ball'

SPECTACULAR DISPLAYS

Origin: Queensland, Australia

Species: *brassi x magnifica*

Protection Status: PBR Protectable

Full sun

Full sun/part shade

Height 4m

Spread 3m

Dry Tolerant

Features:

- Spectacular 'Fire Ball' shaped flowers
- Compact growth form
- Tolerant of a wide range of conditions from wet and humid through to drought once established.

Suggested Uses:

- Striking feature tree
- Bright flower displays
- Hedging and mass plantings
- Bird attracting

Water Requirements:

Low once established. Can also tolerate wet conditions.

Care:

Responds well to pruning and can be shaped as desired. If the tree is damaged it can be cut back to ground level and it will reshoot. Tolerant of most soil types.
