

'LIMELIGHT' [®] GRAFTED STANDARD

LUSH DECORATIVE FOLIAGE

“Acacia 'Limelight' is one of the most popular varieties on the market today. Its attractive lush foliage and compact habit make it a sought-after addition to any garden. The introduction of the unique 'Limelight' grafted standard now allows this fantastic variety to be enjoyed with a formal air. 'Limelight' standards are ...”

FEATURES

- Unique standard form with natural dome shape habit
- Decorative fresh lime green foliage
- Year round ornamental value
- Dry tolerant
- Easy to grow the minimal maintenance
- New age Australian native

USES

- Create a distinctive formal touch to the garden
- Either side of entranceways and driveways
- Large containers or garden beds
- Adaptable for use in native, exotic or oriental style gardens

CARE

Low water requirements. Once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat. Plant in most soil types that are well draining. For optimum results feed in spring with a fertiliser formulated for natives. Support the plant with a stake until established.
