

DIANTHUS

'POP STAR'

EXQUISITE FRAGRANCE

The Dianthus Collection are bred by the renowned Whetman International Plants in the UK and are known for their delightful fragrance and striking flowers. They make an elegant addition to any garden and are also versatile and sturdy plants. They have a good dry tolerance and overall hardiness to grow. The plant suits various uses including containers, garden beds and also as flowering ground cover over spring.

FEATURES

- Compact and free flowering
- Heavy flowering in spring
- Repeat blooming*
- Exquisite fragrance
- Cut flowers last well for oral arrangements

*If care instructions are followed

USES

- Container planting for lengthy flower display
- Small gardens, patios and courtyards
- Fragrance for entertainment areas and entrances
- Ideal for low edging around garden beds or paving
- Mass plant as ground cover

CARE

Once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat. Low maintenance and easy to grow, apply a slow release fertiliser during early spring. No pruning generally required although removing spent flower stems will encourage repeat blooming.

ORIGIN: United Kingdom // **SPECIES:** *Dianthus x alwoodii*
