

DIANTHUS

'POP STAR'

EXQUISITE FRAGRANCE

The Dianthus Scent First Collection are bred by the renowned Whetman Pinks in the UK, known for their delightful fragrance and striking flowers. They make an elegant addition to any garden, and are a versatile and hardy plant. With good dry tolerance and repeat blooming, 'Pop Star' is suitable for containers, garden beds and also as flowering ground cover over spring.

FEATURES

- Compact habit
- Impressive flower performance in spring
- Exquisite fragrance
- Cut flowers last well for floral arrangements
- Repeat blooming*

*If care conditions are suitable

USES

- Container planting for lengthy flower display
- Small gardens, patios and courtyards
- Fragrance for entertainment areas and entrances
- Ideal for low edging around garden beds or paving
- Mass plant as a ground cover

CARE

Once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat. Low maintenance and easy to grow, apply a slow release fertiliser during early spring. No pruning generally required although removing spent flower stems will encourage repeat blooming.

ORIGIN: United Kingdom // **SPECIES:** *Dianthus x alwoodii*
