

DIANTHUS

'REBEKAH'

HIGHLY FRAGRANT • LONG FLOWERING

Fantastic colour and fragrance but with the real bonus of long-term garden results. By adding 'Rebekah' to your garden you will be creating impressive garden displays with minimal effort. Compact habit, strong flower stems and masses of blooms are why 'Rebekah' is recognised as a market leader. Another outstanding introduction from the world-renowned dianthus breeder Whetman Plants International.

FEATURES

- Outstanding double crimson blooms
- Wonderfully fragrant
- Cut flowers last well for floral arrangements
- Evergreen and hardy without any special needs
- Will repeat bloom if spent flower heads are removed
- Heavy flowering in spring over an extensive period

USES

- Container displays for lengthy colour
- Small gardens, patios and courtyards
- Fragrance for entertainment areas and entrances
- Ideal for low edging around garden beds or paving
- Great for rockeries and filling small gaps in perennial borders

CARE

Low water requirements. Once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat. Low maintenance and easy to grow. Apply a slow release fertiliser during spring. No pruning generally required although removing spent flower stems will encourage further flushes.

ORIGIN: United Kingdom // **SPECIES:** *Dianthus x allwoodii* // **PROTECTION STATUS:** PBR Protected
