

DIANTHUS

'SUGAR PLUM'

HIGHLY FRAGRANT • LONG FLOWERING

Another outstanding introduction from the world-renowned Dianthus breeder Whetmans Plants International. 'Sugar Plum' is a beautifully fragrant selection, easy to grow and exceptionally hardy. A compact form with mid pink, frilled flowers highlighted with cherry central markings appear from late winter through to spring. Buds are also an attractive plum colour.

FEATURES

- Wonderfully fragrant
- Cut flowers last well for floral arrangements
- Evergreen and hardy without any special needs
- Will repeat bloom if spent flowers are removed
- Heavy flowering in spring over an extensive period

USES

- Container displays for lengthy colour
- Small gardens, patios and courtyards
- Fragrance for entertainment areas and entrances
- Ideal for low edging around garden beds or paving
- Great for rockeries and filling small gaps in perennial borders

CARE

Low water requirements. Once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat. Low maintenance and easy to grow. Apply a slow release fertiliser during early spring. No pruning generally required although removing spent flower stems will encourage further flushes.
