

DIANTHUS

'SUGAR PLUM CORAL'

EXQUISITE FRAGRANCE

A new selection set to be a standout addition to the ever popular and market leading, Scent First collection. A discovery derived from 'Sugar Plum' and the flower performance and ruffles of 'Coral Reef', the flower power on each plant is amazing. The raspberry sorbet coloured flowers are held above clean blue/grey foliage making the flowers, and dark pink buds burst off the plant. A fantastic container and garden performer and another worthy addition to the Scent First collection.

FEATURES

- Evergreen and hardy without any special needs
- Heavy flowering in spring
- Repeat blooming*
- Beautiful colour and wonderfully perfumed flowers
- Compact and free flowering
- Cut flowers last well for floral arrangements

**If care instructions are followed and conditions are suitable*

USES

- Container displays
- Small gardens, patios and courtyards
- Fragrance for entertainment areas and entrances
- Ideal for low edging around garden beds or paving
- Mass plant as a ground cover
- Great for rockeries and filling small gaps in perennial borders

CARE

Low maintenance and easy to grow, once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat. Apply a slow release fertiliser during early spring. No pruning generally required although removing spent flower stems will encourage repeat blooming.

ORIGIN: Melbourne, Australia // **SPECIES:** *Dianthus hybrid* // **PROTECTION STATUS:** Protectable
