

GREVILLEA RHYOLITICA X

'DEUA GOLD'

RICH WINTER COLOUR

Grevillea 'Deuagold' combines rich golden nectar-filled flowers with graceful arching foliage. The bright flowers are borne in the depths of winter, attracting native birds to your garden and by planting it just outside a window you can watch the show in cosy fireside comfort. 'Deuagold' is an extremely tough plant, growing in areas which receive winter frosts right through to hot summers. With this degree of versatility, the plant is undoubtedly a tried and true performer for both home gardeners and public landscapes alike.

FULL SUN

FROST HARDY

DRY TOLERANT

COASTAL

HEIGHT 1.2M
SPREAD 1.5M

FEATURES

- Stunning new colour - rich golden yellow
- Continuous flowering throughout the year, heaviest from March to October
- Arching glossy green foliage
- Extremely hardy - frost and heat tolerant

USES

- Year round luxuriant colour, particularly over the winter months
- Plant in containers for unique deck and courtyard displays
- Ideal addition to native gardens, coastal plantings and dry areas

CARE

Very low water requirements once established. Dry tolerant. Plant in a full sun position in a well drained soil for best results. Apply slow release fertiliser in spring according to manufacturer's directions.
