

HYDRANGEA

KOLMARU - 'MAGICAL RUBYRED'

DARKEST RED WITHIN THE MAGICAL SERIES

'One of the deepest burgundy flowers of any Hydrangea, indoors and out. The rousing red display starts in spring and goes through to autumn finishing with an exotic dusky mulberry. Let your senses run wild and free with this fiery beauty. Bring a splash of passion and romance to your garden or as an indoor table-top feature. Perfect for Christmas colour in Australia where we celebrate the festive season as summer flowers get into full stride.'

FEATURES

- Deep ruby red petals, complemented with feature dark green leaves
- Long-lasting flowers indoors and out
- Dark green, almost black, leaves complement the luxurious blooms

USES

- Indoor flowers for colour
- The perfect container plant for patios and courtyards
- Long-lasting garden bed display
- Garden feature, ideal for entrances and pathways

CARE

In containers use good quality potting mix and keep the roots moist. Outdoors plant or position in a partially shaded spot where the soil stays moist. Indoors, keep away from heat sources and place outside in the winter months to rejuvenate and ensure full flowering in the warmer months. To keep initial flowers blue, apply powdered sulphur once a year in early spring.

ORIGIN: Netherlands // **SPECIES:** *Hydrangea macrophylla* 'Kolmaru' // **PROTECTION STATUS:** PBR Protected
