

SALVIA

'WENDY'S WISH'

LONG FLOWERING

PROUDLY SUPPORTING

Make-A-Wish[®]
AUSTRALIA

Discovered by avid Salvia collector and garden enthusiast Wendy Smith in Rosebud (Victoria), Salvia 'Wendys' Wish' is a now owned and loved by thousands of gardeners across Australia. This fast growing variety displays vibrant magenta flowers for much of the year, particularly throughout the warmer months. The flowers are tubular and capped by a colourful calyx which remains some time after flowering extending its interest even longer.

FEATURES

- Large, vibrant magenta flowers right throughout the warmer months
- Tubular flower capped with a colourful calyx which remain some time after flowering extending interest even longer
- Mid-green foliage is dense and lush, complimented by dark maroon stems

USES

- Mass plant in drifts for stunning, low maintenance displays
- Water wise garden designs
- Large containers
- Mixed borders
- General garden use

CARE

Quite dry tolerant once established requiring only an occasional long soak during extended periods of heat. Grows well in most soil types but thrives in fertile, well drained soils. Trim off around one third of size after flowering to maintain shape and encourage a dense, bushy habit. An application of slow release fertiliser in spring will be beneficial.

ORIGIN: Victoria, Australia // **SPECIES:** *Salvia buchananii* hybrid // **PROTECTION STATUS:** PBR protected
